Trade-marks Journal

Vol. 65 No. 3323

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods

(1) common metals and their alloys; non-electric heating cables and wiring cables of common metal; Goods of common metal, namely valves for water pipes, valves for drainage pipes, valves for gas, oil and steam generating machinery, pipe junctions, pipe fittings and flanges of metal; Goods of common metal, namely metal tanks and connectors therefore and tube and pipe hangers; valves, valve fittings, and parts and accessories therefor, namely metal valves, metal valve fittings and parts therefor, electrically-operated metal valves for industrial machinery and metal valve fittings therefor; metal valve fittings, namely gates, globes, checks, butterfly valves and balls made of cast iron, bronze, forge steel, cast steel or stainless steel; metal pipe products and accessories therefor, namely, metal pipes, pipe joints, pipe fittings, pipe linings; metal couplings for pipes; metal actuators for opening and closing valves; fixed and movable mounting devices and mounting aids of metal for valves and meters, namely mounting plates, swing frames, shelves, and brackets; metal enclosures for electrical and electronic equipment for controlling robotics, automation networks, business networks, WiFi networks, broadcasting, water treatment, mining processes, lighting, telephones, drill rigs, gas analyzers, grain elevators, mobile telecommunication networks, power distribution systems, meat processing systems, food packaging systems, outdoor irrigation, materials handling systems and ship loading systems; metal enclosures for electrical and electronic equipment, namely computer servers, electrical switchgears, electrical junctions, electrical controllers, HVAC controllers, heat trace controllers, data network cables, compressor controls, oil and LNG pump drives and machine tools; metal building materials, namely metal framing, sheet metal, and flashing; clamps and brackets made of metal, namely pipe clamps, mounting brackets, clamps for tubes, pipes and hoses; steam traps made of metal; prefabricated metal buildings, namely, metal life guard stations; manually-operated valves made of metal for use in irrigation systems, marine sewage disposal systems, and solar hot water heating units;

(2) common metals and their alloys; non-electric heating cables and wiring cables of common metal; Goods of common metal, namely valves for water pipes, valves for drainage pipes, valves for gas, oil and steam generating machinery, pipe junctions, pipe fittings and flanges of metal; Goods of common metal, namely metal tanks and connectors therefore and tube and pipe hangers; valves, valve fittings, and parts and accessories therefor, namely metal valves, metal

valve fittings and parts therefor, electrically-operated metal valves for industrial machinery and metal valve fittings therefor; metal valve fittings, namely gates, globes, checks, butterfly valves and balls made of cast iron, bronze, forge steel, cast steel or stainless steel; metal pipe products and accessories therefor, namely, metal pipes, pipe joints, pipe fittings, pipe linings; metal couplings for pipes; metal actuators for opening and closing valves; fixed and movable mounting devices and mounting aids of metal for valves and meters, namely mounting plates, swing frames, shelves, and brackets; metal enclosures for electrical and electronic equipment for controlling robotics, automation networks, business networks, WiFi networks, broadcasting, water treatment, mining processes, lighting, telephones, drill rigs, gas analyzers, grain elevators, mobile telecommunication networks, power distribution systems, meat processing systems, food packaging systems, outdoor irrigation, materials handling systems and ship loading systems; metal enclosures for electrical and electronic equipment, namely computer servers, electrical switchgears, electrical junctions, electrical controllers, HVAC controllers, heat trace controllers, data network cables, compressor controls, oil and LNG pump drives and machine tools; metal building materials, namely metal framing, sheet metal, and flashing; clamps and brackets made of metal, namely pipe clamps, mounting brackets, clamps for tubes, pipes and hoses; steam traps made of metal; prefabricated metal buildings, namely, metal life guard stations; manually-operated valves made of metal for use in irrigation systems, marine sewage disposal systems, and solar hot water heating units;

(3) pool and spa products, namely: metal equipment and accessories for swimming pools, namely, diving towers and diving stands, starting platforms, underwater windows, pool ladders, grab rails, custom rails, fixed lifeguard chairs, drains, poles, strainers, anchor sockets, flanges, main drains, scum gutter drains, vacuum fittings, inlet fittings, fill spouts, valve manifolds, underdrains, and skimmers;

(4) landscape products, namely: water pumps for use with ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features; electronic controllers for monitoring the functions of ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features;

(5) pool and spa products, namely: pumps for use with swimming pools, spas, hot tubs, water parks, and ponds, namely, centrifugal pumps, variable frequency drive pumps, and turbine pumps; pumps, heaters, pipes, pipe fittings, and nozzles for use in swimming pool water circulation systems; pool and spa vacuum cleaners, namely above-ground pool vacuum cleaners and automatic cleaning machines, automatic vacuum cleaners, robotic vacuum cleaners, suction pool cleaners, vacuum suction cleaners, multifunction vacuum/skimmer attachments, and parts for all of the foregoing; vacuum heads for cleaning swimming pools; electric pumps for pressure side cleaners and water boosting applications for swimming pools, spas, water parks, ponds, and fountains; propulsive device, namely, a hydraulically-operated mechanism adapted for attachment to an automatic swimming pool cleaner to periodically reverse the direction of cleaner movement; power-operated lifts for use in assisting handicapped persons with entry into swimming pools; hydraulically operated chlorine/bromine feeders for use in swimming pools; feeders for use in swimming pools;

(6) actuators, namely valve actuators, fluid actuators for valves and automatic valves; actuator attachments for valves, namely actuator positioners; actuator controls, namely electronic and hydraulic actuator control systems comprised of electric actuators, hydraulic actuators and pneumatic actuators; dust and particle collection equipment, namely dust collector for industrial use; compressors, namely, air compressors, gas compressors, compressors for machines, and compressors for refrigeration and air conditioning apparatus; electric motors for machines, pumps, and valves; windmills; manifolds, namely distribution manifolds for plumbing and heating systems and manifolds of metal for pipelines; pump impellers; Pumps, namely, jet pumps, submersible

pumps, grinder pumps, reciprocating pumps, sub-mersible non-clog sewage and wastewater pumps, centrifugal pumps, sump pumps, effluent pumps, high pressure industrial reciprocating pumps, fire pumps, irrigation pumps, hydraulic pumps, vacuum pumps, positive displacement pumps, sewage pumps, piston pumps for use in swimming pools and spas, roller pumps for use in creating or booting dynamic fluid pressure, diaphragm pumps, flexible impeller pumps, gear pumps, and spray pumps for use in agriculture, aquaculture, and irrigation; suction pumps; windmill pumps; water pumps for use with fish hatcheries, hydroponics, and aquariums; water pumps for use in aquaculture; water pumps for aeration equipment; water pumps for irrigation;

(7) actuators, namely valve actuators, fluid actuators for valves and automatic valves; actuator attachments for valves, namely actuator positioners; actuator controls, namely electronic and hydraulic actuator control systems comprised of electric actuators, hydraulic actuators and pneumatic actuators; dust and particle collection equipment, namely dust collector for industrial use; compressors, namely, air compressors, gas compressors, compressors for machines, and compressors for refrigeration and air conditioning apparatus; electric motors for machines, pumps, and valves; windmills; manifolds, namely distribution manifolds for plumbing and heating systems and manifolds of metal for pipelines; pump impellers; Pumps, namely, jet pumps, submersible pumps, grinder pumps, reciprocating pumps, sub-mersible non-clog sewage and wastewater pumps, centrifugal pumps, sump pumps, effluent pumps, high pressure industrial reciprocating pumps, fire pumps, irrigation pumps, hydraulic pumps, vacuum pumps, positive displacement pumps, sewage pumps, piston pumps for use in swimming pools and spas, roller pumps for use in creating or booting dynamic fluid pressure, diaphragm pumps, flexible impeller pumps, gear pumps, and spray pumps for use in agriculture, aquaculture, and irrigation; suction pumps; windmill pumps; water pumps for use with fish hatcheries, hydroponics, and aquariums; water pumps for use in aquaculture; water pumps for aeration equipment; water pumps for irrigation; pumps for use with swimming pools, spas, hot tubs, water parks, and ponds, namely, centrifugal pumps, variable frequency drive pumps, and turbine pumps; pumps, heaters, pipes, pipe fittings, and nozzles for use in swimming pool water circulation systems; pool and spa vacuum cleaners, namely above-ground pool vacuum cleaners and automatic cleaning machines, automatic vacuum cleaners, robotic vacuum cleaners, suction pool cleaners, vacuum suction cleaners, multifunction vacuum/skimmer attachments, and parts for all of the foregoing; vacuum heads for cleaning swimming pools; electric pumps for pressure side cleaners and water boosting applications for swimming pools, spas, water parks, ponds, and fountains; propulsive device, namely, a hydraulically-operated mechanism adapted for attachment to an automatic swimming pool cleaner to periodically reverse the direction of cleaner movement; power-operated lifts for use in assisting handicapped persons with entry into swimming pools; hydraulically operated chlorine/bromine feeders for use in swimming pools; feeders for use in swimming pools; landscape products, namely water pumps for use with ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features; electrical controllers for landscape lighting; electronic controllers for monitoring the functions of ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features;

(8) landscape products, namely: electrical controllers for landscape lighting;

(9) pool and spa products, namely: electronic pool and spa control systems for use in controlling the heating, lighting, filtration, pumping, and chlorination processes in swimming pools and spas; pool and spa controls for programming the timing and duration of heating, lighting, and pumping cycles; remote control units and wireless remote control units for controlling operations of pools and spas; electrical control units for controlling the operation of pool and spa lights, heaters, cleaners, and pumps; electronic communications panel for controlling the heating, lighting, and cleaning operations of pools, spas, water parks, and fountain pumps; touch panel interface for pool

and spa control systems and home automation; touch panel interface and protocol adapter for pool and spa control systems and home automation; electronic controllers for use with solar heating systems for swimming pools and spas; programmable controllers for automating, monitoring, and controlling the dosage and dispersion of water treatment chemicals into swimming pools, spas, hot tubs, water parks, and ponds; electrolytic chlorinators comprising a power supply, electrolytic cell and flow and salinity sensor for swimming pools and spas; electric motor control units for swimming pools, spas, water parks, and fountain pumps; chlorine dispensers; metered floating chlorine dispensers; floating chlorine dispensers;

(10) environmental sensors and detectors for use in detecting heat, temperature, and leaks; monitoring and control apparatus and instruments for use in the control and monitoring of heat trace circuits and systems, namely, alarm modules, electronic temperature controls, electronic thermostats, hand-held programmers, mechanical thermostats, power distribution panels, and temperature sensors; electrical cables; electromechanical cables; electric and electronic control panels; electric connections for networks for data transmission and telecommunication, namely electric connectors and connector boxes for electrical and fiber optic networks for data transmission and telecommunication; junction boxes; circuit breakers; electrical and electronic valves and valve fittings for controlling fluids and parts therefor; meters, namely volt and electrical meters and water meters; electronic measuring, monitoring, detection, indication, regulation and analyzing equipment, namely, fluid and liquid flow meters; fluid and liquid flow meters; laboratory equipment for measuring and evaluating water quality, namely electronic water quality analyzer; water quality analyzers; liquid level and liquid depth sensors; heat tracing and regulating apparatus, namely heat tracing cables and heat tracing units for use in preventing freezing and regulating temperature of pipelines; thermometers; thermostats; conduits for electric cables and parts and fittings therefor; cathodic anti-corrosion apparatus, namely alloy anodes for the cathodic protection of pipelines; electronic snow melting cables; wireless telemetry devices for use with environmental sensors and detectors used in detecting heat, temperature, and leaks; leak detection and locating apparatus comprised primarily of a computerized monitoring and control panel, moisture sensors, temperature sensors, and liquid-level sensors for use with fuel, liquid, water, and chemicals; liquid level gauges; downloadable software in the field of energy cost analysis, configuration, and monitoring of heat management systems and environmental monitoring and data analysis; electrical components for connector systems, namely electrical connector switches, electrical contacts, electrical sockets, electrical plugs and electrical connectors for use in circuit boards; heat shrinkable tubing for covering wires and cables; circuit protection devices,namely disconnects, over load relays, contact switches, and circuit breakers; metalized particle interconnects for use in making electrical connections between printed circuit boards and integrated circuit chips; wire and cable systems, namely electrical wire and cable; sensors, namely liquid level sensors, pollutant sensors, pressure sensors, temperature sensors, thermal sensors; harnessing products, namely non-metallic wire and cable harnessing and harness design software; labeling products, namely wire and cable markers and sleeves, labels, tabs and binder strips; battery packs for lighting, personal security alarms, and industrial machinery; electrical terminal blocks and switches; electricity conduits; underwater electrical power cables and standard connectors; interconnection devices, namely, electrical terminal boxes and splices for electrical transmission lines; connectors, namely cable connectors, electrical connectors for junction boxes and power converters, electrical power connectors; electrical terminals and connections, namely crimp terminals, uninsulated and insulated terminals; control panels and monitors for fire alarm detection, fire extinguishing, and fire suppression systems; fire alarms; fire extinguishers; fire sprinklers; fire hose nozzles; automatic valves, automatic valve fittings, and parts therefor; electric actuators for machines; automatic sprinkler systems and parts therefor, all for fire protection; alarm valves for fire protection sprinkler systems; electrical fusible links, namely, heat detecting devices

in fire protection systems and fire department connections, namely, connectors to fire protection systems from which additional water can be pumped; water motor alarms for use in fire sprinkler systems; fiber-optic cable; electronic valve actuators; thermometers; water pressure gauges; electronic controllers for monitoring the functions of fish hatcheries, hydroponics, aquaculture, and aquariums; electronic controllers for monitoring the functions of aeration equipment; electronic controllers for monitoring the functions of irrigation equipment;

(11) environmental sensors and detectors for use in detecting heat, temperature, and leaks; monitoring and control apparatus and instruments for use in the control and monitoring of heat trace circuits and systems, namely, alarm modules, electronic temperature controls, electronic thermostats, hand-held programmers, mechanical thermostats, power distribution panels, and temperature sensors; electrical cables; electromechanical cables; electric and electronic control panels; electric connections for networks for data transmission and telecommunication, namely electric connectors and connector boxes for electrical and fiber optic networks for data transmission and telecommunication; junction boxes; circuit breakers; electrical and electronic valves and valve fittings for controlling fluids and parts therefor; meters, namely volt and electrical meters and water meters; electronic measuring, monitoring, detection, indication, regulation and analyzing equipment, namely, fluid and liquid flow meters; fluid and liquid flow meters; laboratory equipment for measuring and evaluating water quality, namely electronic water quality analyzer; water quality analyzers; liquid level and liquid depth sensors; heat tracing and regulating apparatus, namely heat tracing cables and heat tracing units for use in preventing freezing and regulating temperature of pipelines; thermometers; thermostats; conduits for electric cables and parts and fittings therefor; cathodic anti-corrosion apparatus, namely alloy anodes for the cathodic protection of pipelines; electronic snow melting cables; wireless telemetry devices for use with environmental sensors and detectors used in detecting heat, temperature, and leaks; leak detection and locating apparatus comprised primarily of a computerized monitoring and control panel, moisture sensors, temperature sensors, and liquid-level sensors for use with fuel, liquid, water, and chemicals; liquid level gauges; downloadable software in the field of energy cost analysis, configuration, and monitoring of heat management systems and environmental monitoring and data analysis; electrical components for connector systems, namely electrical connector switches, electrical contacts, electrical sockets, electrical plugs and electrical connectors for use in circuit boards; heat shrinkable tubing for covering wires and cables; circuit protection devices,namely disconnects, over load relays, contact switches, and circuit breakers; metalized particle interconnects for use in making electrical connections between printed circuit boards and integrated circuit chips; wire and cable systems, namely electrical wire and cable; sensors, namely liquid level sensors, pollutant sensors, pressure sensors, temperature sensors, thermal sensors; harnessing products, namely non-metallic wire and cable harnessing and harness design software; labeling products, namely wire and cable markers and sleeves, labels, tabs and binder strips; battery packs for lighting, personal security alarms, and industrial machinery; electrical terminal blocks and switches; electricity conduits; underwater electrical power cables and standard connectors; interconnection devices, namely, electrical terminal boxes and splices for electrical transmission lines; connectors, namely cable connectors, electrical connectors for junction boxes and power converters, electrical power connectors; electrical terminals and connections, namely crimp terminals, uninsulated and insulated terminals; control panels and monitors for fire alarm detection, fire extinguishing, and fire suppression systems; fire alarms; fire extinguishers; fire sprinklers; fire hose nozzles; automatic valves, automatic valve fittings, and parts therefor; electric actuators for machines; automatic sprinkler systems and parts therefor, all for fire protection; alarm valves for fire protection sprinkler systems; electrical fusible links, namely, heat detecting devices in fire protection systems and fire department connections, namely, connectors to fire protection systems from which additional water can be pumped; water motor alarms for use in fire sprinkler

systems; fiber-optic cable; electronic valve actuators; thermometers; water pressure gauges; electronic controllers for monitoring the functions of fish hatcheries, hydroponics, aquaculture, and aquariums; electronic controllers for monitoring the functions of aeration equipment; electronic controllers for monitoring the functions of irrigation equipment; agricultural irrigation units; ultraviolet sterilizers for ponds and aquaculture; filters for use with fish hatcheries, hydroponics, and aquariums; filters for use in aquaculture; filters for use in aeration equipment; filters for use in irrigation systems; pool and spa products, namely: metal equipment and accessories for swimming pools, namely, diving towers and diving stands, starting platforms, underwater windows, pool ladders, grab rails, custom rails, fixed lifeguard chairs, drains, poles, strainers, anchor sockets, flanges, main drains, scum gutter drains, vacuum fittings, inlet fittings, fill spouts, valve manifolds, underdrains, and skimmers; pumps for use with swimming pools, spas, hot tubs, water parks, and ponds, namely, centrifugal pumps, variable frequency drive pumps, and turbine pumps; pumps, heaters, pipes, pipe fittings, and nozzles for use in swimming pool water circulation systems; pool and spa vacuum cleaners, namely above-ground pool vacuum cleaners and automatic cleaning machines, automatic vacuum cleaners, robotic vacuum cleaners, suction pool cleaners, vacuum suction cleaners, multifunction vacuum/skimmer attachments, and parts for all of the foregoing; vacuum heads for cleaning swimming pools; electric pumps for pressure side cleaners and water boosting applications for swimming pools, spas, water parks, ponds, and fountains; propulsive device, namely, a hydraulically-operated mechanism adapted for attachment to an automatic swimming pool cleaner to periodically reverse the direction of cleaner movement; power-operated lifts for use in assisting handicapped persons with entry into swimming pools; hydraulically operated chlorine/bromine feeders for use in swimming pools; feeders for use in swimming pools; electronic pool and spa control systems for use in controlling the heating, lighting, filtration, pumping, and chlorination processes in swimming pools and spas; pool and spa controls for programming the timing and duration of heating, lighting, and pumping cycles; remote control units and wireless remote control units for controlling operations of pools and spas; electrical control units for controlling the operation of pool and spa lights, heaters, cleaners, and pumps; electronic communications panel for controlling the heating, lighting, and cleaning operations of pools, spas, water parks, and fountain pumps; touch panel interface for pool and spa control systems and home automation; touch panel interface and protocol adapter for pool and spa control systems and home automation; electronic controllers for use with solar heating systems for swimming pools and spas; programmable controllers for automating, monitoring, and controlling the dosage and dispersion of water treatment chemicals into swimming pools, spas, hot tubs, water parks, and ponds; electrolytic chlorinators comprising a power supply, electrolytic cell and flow and salinity sensor for swimming pools and spas; electric motor control units for swimming pools, spas, water parks, and fountain pumps; chlorine dispensers; metered floating chlorine dispensers; floating chlorine dispensers; underwater pool and spa lights and lighting fixtures; interior lights for swimming pools; above-ground pool lights; niches for swimming pool and spa lighting; water filters for swimming pools, spas, hot tubs, ponds, and water parks; filtration units comprised of a filter and module for use with swimming pools and spas; pool and spa cartridge water filters; replacement filter cartridges for swimming pools and spas; filter laterals with porous body for replacement cartridges and upgrade kits for use with swimming pools and spas; in-line filters for use with swimming pools and spas; swimming pool water cleaning and filtering units; sand filters for use with swimming pools, water parks, aquariums, and industrial water treatment applications; diatomaceous earth water filters for use with swimming pools and spas; automatic and front-access skimmers for use in removing foreign particles from swimming pool water; inlet, outlet, and directional fittings for use with swimming pools and spas; drain rings, grates, and cup anchors for use with swimming pools and spas; above-ground swimming pool skimmers; side-wall pool skimmers; ozone water purification unit for use in the purification and sanitizing of water in swimming pools, spas, fountains, agriculture systems, aquaculture, cooling towers, drinking water systems, theme park displays and aquariums; automatic chlorine generators for swimming pools, spas and water parks; heat pumps to heat water in swimming pools and spas; gas heaters and boilers for pools, spas, theme parks, and water parks; pool and spa water heaters; valves for use with swimming pools, spas, hot tubs, ponds, and water parks; decorative waterfalls for swimming pools, spas, fountains, and ponds; laminar water jet with deck box for use with pools, spas, ponds, and water fountains; clamping assemblies comprised of rings, clamps, knobs and thread connectors used for spa and pool filtration tanks; drain covers, frames, and grates for pools, spas, ponds, and water parks; automatic water systems for swimming pool and spa use, each sold as a unit, comprising pump, motor, tank and parts therefor; filters, heaters, and air blowers, sold in combination, for use in heated pool spas; apparatus and dripper irrigation system for water treatment which is comprised of filters, pumps, regulators, and heaters sold in combination for use on swimming pools, waterparks, aquariums, zoos containing water areas and aquaculture; non-metallic seals for swimming pool cleaners; landscape products, namely water pumps for use with ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features; electrical controllers for landscape lighting; electronic controllers for monitoring the functions of ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features;

(12) landscape products, namely: landscape lighting; landscape lighting installations and fixtures; ornamental and decorative water fountains; automatic watering installations, namely sprinklers; filters for use with ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features;

(13) pool and spa products, namely: underwater pool and spa lights and lighting fixtures; interior lights for swimming pools; above-ground pool lights; niches for swimming pool and spa lighting; water filters for swimming pools, spas, hot tubs, ponds, and water parks; filtration units comprised of a filter and module for use with swimming pools and spas; pool and spa cartridge water filters; replacement filter cartridges for swimming pools and spas; filter laterals with porous body for replacement cartridges and upgrade kits for use with swimming pools and spas; in-line filters for use with swimming pools and spas; swimming pool water cleaning and filtering units; sand filters for use with swimming pools, water parks, aquariums, and industrial water treatment applications; diatomaceous earth water filters for use with swimming pools and spas; automatic and front-access skimmers for use in removing foreign particles from swimming pool water; inlet, outlet, and directional fittings for use with swimming pools and spas; drain rings, grates, and cup anchors for use with swimming pools and spas; above-ground swimming pool skimmers; side-wall pool skimmers; ozone water purification unit for use in the purification and sanitizing of water in swimming pools, spas, fountains, agriculture systems, aquaculture, cooling towers, drinking water systems, theme park displays and aquariums; automatic chlorine generators for swimming pools, spas and water parks; heat pumps to heat water in swimming pools and spas; gas heaters and boilers for pools, spas, theme parks, and water parks; pool and spa water heaters; valves for use with swimming pools, spas, hot tubs, ponds, and water parks; decorative waterfalls for swimming pools, spas, fountains, and ponds; laminar water jet with deck box for use with pools, spas, ponds, and water fountains; clamping assemblies comprised of rings, clamps, knobs and thread connectors used for spa and pool filtration tanks; drain covers, frames, and grates for pools, spas, ponds, and water parks; automatic water systems for swimming pool and spa use, each sold as a unit, comprising pump, motor, tank and parts therefor; filters, heaters, and air blowers, sold in combination, for use in heated pool spas; apparatus and dripper irrigation system for water treatment which is comprised of filters, pumps, regulators, and heaters sold in combination for use on swimming pools, waterparks, aquariums, zoos containing water areas and aquaculture;

(14) apparatus for heating, drying, water supply and sanitary purposes, namely, water supply pumps; water filtering machines for use in residential, commercial, and industrial settings; water purifiers; Water distribution systems comprising non-metal tubing and tubing couplings, namely, fittings, manifolds, and valves for joining and terminating the tubing, and insulation tools therefor, sold as a unit; water softening machines; electric heaters for pipes, vessels, tanks, and architectural surfaces; pressure water tanks and parts therefor; Air purifying units and air filtering units for removing dust, smoke and allergens from the air; heating elements for use in de-icing, snow melting, heating water in residential, commercial, and industrial settings and in water supply installations, pipe freeze protection, and tank heating; electric heating cable systems for use in heating water, surfaces, roofs, gutters, floors, pipes, and tanks in industrial, commercial, and residential applications; heating mats, pads, and sheets for use in heating water, surfaces, roofs, gutters, floors, pipes, and tanks in industrial, commercial, and residential applications; commercial electric immersion heaters for liquids; heating filaments; sprinkler heads; plumbing fittings, namely, dry pipe valves and accessories, namely accelerators; air maintenance devices, namely, devices used to maintain proper air pressure in sprinkler systems; plumbing fittings, namely post indicator valves to open or close a valve or to indicate the position of a valve; apparatus for heating, drying, water supply and sanitary purposes, namely, water supply pumps; fire hydrants; fiber optic lighting fixtures; light sources for fiber optic cables, namely fibre optic illuminators; aquarium and pond filters; water purifiers for sewage; ultraviolet sterilizers for ponds and aquaculture; water flow control valves for use in industries and applications where control of high volume flow of water is needed; water return fittings for pools and spas; filters for use with fish hatcheries, hydroponics, and aquariums; filters for use in aquaculture; filters for use in aeration equipment; filters for use in irrigation systems; agricultural irrigation units;

(15) apparatus for heating, drying, water supply and sanitary purposes, namely, water supply pumps; water filtering machines for use in residential, commercial, and industrial settings; water purifiers; Water distribution systems comprising non-metal tubing and tubing couplings, namely, fittings, manifolds, and valves for joining and terminating the tubing, and insulation tools therefor, sold as a unit; water softening machines; electric heaters for pipes, vessels, tanks, and architectural surfaces; pressure water tanks and parts therefor; Air purifying units and air filtering units for removing dust, smoke and allergens from the air; heating elements for use in de-icing, snow melting, heating water in residential, commercial, and industrial settings and in water supply installations, pipe freeze protection, and tank heating; electric heating cable systems for use in heating water, surfaces, roofs, gutters, floors, pipes, and tanks in industrial, commercial, and residential applications; heating mats, pads, and sheets for use in heating water, surfaces, roofs, gutters, floors, pipes, and tanks in industrial, commercial, and residential applications; commercial electric immersion heaters for liquids; heating filaments; sprinkler heads; plumbing fittings, namely, dry pipe valves and accessories, namely accelerators; air maintenance devices, namely, devices used to maintain proper air pressure in sprinkler systems; plumbing fittings, namely post indicator valves to open or close a valve or to indicate the position of a valve; apparatus for heating, drying, water supply and sanitary purposes, namely, water supply pumps; fire hydrants; fiber optic lighting fixtures; light sources for fiber optic cables, namely fibre optic illuminators; aquarium and pond filters; water purifiers for sewage; water flow control valves for use in industries and applications where control of high volume flow of water is needed; water return fittings for pools and spas; landscape lighting; landscape lighting installations and fixtures; ornamental and decorative water fountains; automatic watering installations, namely sprinklers; filters for use with ponds, natural and man-made lakes, rivers, streams, waterfalls, water fountains, water gardens, and other water features; adhesive tape for securing non-electric heated cables to metal pipes; insulation materials, namely pipe insulation; heat shrinkable tubing for use as fuel lines and electrical line insulation; electronic machine parts and their fittings, namely, heat shrink tubing; valves, valve

fittings, and parts and accessories therefor, namely non-metallic valves, non-metallic valve fittings and parts therefor, non-metallic electrically-operated valves for industrial machinery and valve fittings therefor; non-metallic valve fittings, namely gates, globes, checks, butterfly valves and balls; mounting brackets for valves, meters, made of rubber;

(16) pool and spa products, namely: non-metallic seals for swimming pool cleaners;

(17) adhesive tape for securing non-electric heated cables to metal pipes; electronic machine parts and their fittings, namely, heat shrink tubing; insulation materials, namely pipe insulation; heat shrinkable tubing for use as fuel lines and electrical line insulation; valves, valve fittings, and parts and accessories therefor, namely non-metallic valves, non-metallic valve fittings and parts therefor, non-metallic electrically-operated valves for industrial machinery and valve fittings therefor; non-metallic valve fittings, namely gates, globes, checks, butterfly valves and balls; mounting brackets for valves, meters, made of rubber;

SERVICES

(1) inventory control services, namely, evaluating and improving processes for developing and manufacturing valves, temperature sensing equipment, heat tracing equipment, heat management equipment, pipelines, fluid and gas leak detection equipment, and water and waste water systems;

(2) financing services and financial asset management, all relating to plant, equipment, and machinery;

(3) construction, repair, installation, maintenance, inspection, assessment diagnostic and integration services, all relating to water and waste water systems, pipelines, electronic monitoring equipment and apparatus, temperature sensing, heat tracing and heat management systems, snow melting and de-icing systems; pipeline tapping services; fluid and gas leak detection services; installation and maintenance of commercial and residential electronic security systems; installation and maintenance of fire protection systems;

(4) waste water treatment services; water treatment services; gas and particulate emissions monitoring services; training in the fields of valves, temperature sensing, heat tracing, heat management, pipelines, fluid and gas leak detection, and water and waste water systems;

(5) training in the fields of valves, temperature sensing, heat tracing, heat management, pipelines, fluid and gas leak detection, and water and waste water systems;

(6) engineering consulting services, namely, technical consulting services in the fields of mechanical engineering, industrial process engineering, instrumentation and controls engineering; design, maintenance, support, calibration and monitoring services relating to systems for heating and cooling, sealing and corrosion protection systems; engineering services, namely, technical project planning and system and process design services in the field of water supply, drinking water treatment, rainwater facilities, water systems, and hydraulic equipment; system and process design services relating to water supply, drinking water treatment, rainwater facilities, water systems, and hydraulic equipment; calibration and testing services relating to systems for heating, cooling, and sealing and corrosion protection; software as a service in the fields of heating cooling, sealing and corrosion protection, and water system design; monitoring of commercial and residential electronic security systems; central station burglar and fire alarm services, namely monitoring signals from the subscriber and dispatching instructions; inspection of fire protection systems; environmental consulting services in the nature of investigations, feasibility studies, facilities planning, final design and construction services;

(7) consulting in the fields of valves, heat management, pipelines, fluid and gas leak detection, and water and waste water systems; consulting in the field of temperature sensing heat tracing, namely

inspection, evaluation, diagnosis, and trouble-shooting of temperature control systems, monitoring systems, and heat tracing cable installations and equipment;

Oil for industrial purposes, namely compressor oils, gear oils and motor oils; oils for technical purposes, namely compressors oil, engine oil, heavy oil, penetrating oil, motor oil, industrial oil, oil for lubricating industrial machinery, moistening oil, combustible oil, crank case oil and oils for air compressors, blowers and vacuum pumps; industrial greases; paraffin; dust absorbing compositions; dust wetting compositions; dust binding compositions; machine tools and mechanical apparatus for the generation of compressed air, vacuum pressure and air flow, namely, compressed air pumps, coupling valves, hoses and filters; power operated compressors for the compression of air, power operated blowers for the compression, exhaustion and transport of air; power operated blowing machines for blowing air; air suction machines, namely power operated air blowers and power operated vacuum pumps; vacuum pumps being machines; replacement parts for all the aforesaid goods, namely for machine tools and mechanical apparatus for the generation of compressed air, vacuum pressure and air flow, namely, compressed air pumps, coupling valves, hoses and filters, power operated compressors for the compression of air, power operated blowers for the compression, exhaustion and transport of air, power operated blowing machines for blowing air, air suction machines, namely power operated air blowers and power operated vacuum pumps, vacuum pumps being machines; machines for the generation of compressed air; pneumatic transporters, consisting of air blowers and tubes for transporting bulk material; machines for the generation of compressed air; motors used in machines for the generation of compressed air; compressed air pumps; compressed air vessels being parts of machines; compressed air pressure tanks used in machines and installations which generate and regulate compressed air; pumps being parts of machines, motors and engines; turbines for use in the generation and regulation of compressed air; machine tools for the compression, exhaustion and transport of gases; pneumatic hammers, pneumatic chisels, pneumatic drills; filters, used in machines, motors and engines for the generation of compressed air; air filters for motors and compressors; catalytic converters for the adsorption of hydrocarbon vapors (gas catalytic converters); activated carbon absorbers and catalytic converters, being parts of machines; activated carbon filters for use in compressed air systems, being parts of machines; high pressure filters used in machines for the generation of compressed air; condensate separators being parts of machines, namely centrifugal separators; automatic vacuum cleaners; cooling devices, namely cooling radiators for compressors, motors and blowers; cooling radiators for motors, compressors machines, vacuum pumps, air suction machines and blowers; air condensers; condenser installations, namely, air condensers and air-cooled condensers; de-aerators being parts of machines; oil-separators and de-oilers for separating oil from air being parts of machines; fittings for compressors and machines, namely, condensation separators, drain taps, valves, air receivers, dryers, coolers, anti-vibration mountings, controls, pumps, starter and protection panels, electric motors and pipes; taps being parts of machines and motors; mechanical seals being parts of machines; compressed air main charging systems comprised of controllers and regulators for the control and regulation of compressed air pressure, being parts of machines; regulators being parts of machines for compressors and for vacuum pumps; speed governors for compressed air machines and motors; pressure regulators being parts of machines, namely compensation tanks; valves being parts of machines; pressure reduction valves being parts of machines; pneumatic controls to regulate and control the operation of industrial machines and motors; motors for air compressors, blowers, air suction machines, vacuum pumps; electric motors namely general purpose electric motors for machines; generators of electricity; machines housings, namely housings for compressed air machines, vacuum pump machines, air suction machines, compressors and blowing machines; leveling mounts for machines; stands for machines stands for machines, namely stands specifically designed to support powered machinery; tables for machines, namely tables specifically designed to support powered machinery; couplings and driving belts for machines for industrial use, other than for land vehicles; gear boxes, other than for land vehicles; ball-bearings for use in compressed air machines; shaft couplings being machines; machine cranks; machine wheels being parts of compressed air machines, air suction machines, blowers and vacuum pumps; axles for machines; pump diaphragms; superchargers for compressed air machines; turbo compressors being parts of machines to compress air; fans for motors; anti-pollution controllers and regulators for use in motors and compressors which are parts of machines and motors; heat exchangers being parts of machines; safety accessories for compressors, namely safety valves, regulating valves; compressed air reservoirs being parts of compressors, machines and motors; remote controllers and regulators for compressors, blowers, and vacuum pumps, being parts of machines; apparatus and devices for machine control, namely, pneumatic, hydraulic and mechanical controls and pneumatic and hydraulic and mechanical regulators, all being parts of machines, compressors, blowers or vacuum pumps; electric and electronic controls for air compressors, air blowers, vacuum pumps and electric and electronic controls for air treatment apparatus and air treatment devices, namely for, air dryers, air filters, air purifiers, air coolers, condensate drains and oil mist eliminators; electric and electronic regulating devices for regulating gas flow of compressors, blowers, vacuum pumps, and electric and electronic regulating devices for regulating gas flow of air treatment apparatus and air treatment devices, namely for, air dryers, air filters except those for installation in vehicles and caravans, yet not except for those for installation in portable compressors, air coolers, condensate drains and oil mist eliminators; electric and electronic controllers and regulators for process control and machine control and remote control of industrial processes for the generation, distribution and treatment of compressed air; electronic control devices, namely, compressed air main charging systems comprised of controllers for the regulation of compressed air; integrated circuits; measuring units, automatic time switches and automatic weighing machines for use in the generation, distribution and treatment of compressed air; data processors and data acquirers to enable the generation of compressed air, vacuum and air flow and for the treatment of compressed air; computer programs recorded on data carriers and in data memories, namely software for industrial automation and for operating, controlling, monitoring, sequencing, protecting and maintaining air compressors, air blowers, air dryers, air filters except those for installation in vehicles and caravans, yet not except those for installation in portable compressors, air purifiers, air coolers, condensate drains and oil mist eliminators; computers, computer installations, namely computer hardware, for the control of machines and mechanical devices for the generation of compressed air, vacuum and air flow and for the treatment of compressed air; computer output equipment, namely, printers, recorders for data capture, plotters, terminals, screens, and visual displayers solely as peripheral devices for the control of machines and mechanical devices for the generation of compressed air, vacuum and air flow and for the treatment of compressed air; apparatus and devices for data transmission namely, peripheral devices for the control of machines and mechanical devices for the generation of compressed air, vacuum and air flow, and for the treatment of compressed air; electrotechnical and electronic user interface apparatus and devices, namely electric control panels for use in the generation and regulation of compressed air; sensors for the acquisition of physical quantities, namely for the acquisition of pressure, of temperature, of voltage, of power consumption, of the amplitude of vibration, of operation time, of humidity and of the flow rate of air and other gases; parts of electric control devices, namely electric circuits; apparatus, devices and machines for air treatment, namely, for compressed air conditioning for the separation and deposition of solid and liquid contamination of the compressed air, namely drying, air cooling, air conditioning and air cleaning units; installations to filter air, to remove contaminants arising from the compression of air; industrial air purifiers; air dryers for the removal of moisture and water vapor from compressed air and gases; desiccant (adsorption) dryers; refrigeration dryers; membrane dryers; desiccant and adsorption dryers for the removal of moisture and water vapor from compressed air and gases; air dryers for use in air conditioning systems; refrigeration dryers; air cooling devices, namely cooling radiators for compressors, motors, blowers and vacuum pumps; air coolers, namely compressed air coolers; condensate drains for compressed air applications being parts of refrigerating devices; heat exchangers; condensate water purifiers and filtrators; air filters for air conditioning; compressed air filters being parts of household and industrial installations, namely filters for compressed air conditioners, compressed air coolers, compressed air dryers for compressed air treatment apparatus for the separation and deposition of solid contamination of compressed air; air filtering systems for compressor installations; compressed air filters; dust filters for use in compressed air installations; air purifying lamps having a germicidal effect; machines for the sterilization of air in air treatment units; regulators and safety accessories for gas equipment; taps for pipes; safety accessories for compressors, namely protective switches, pressure switches; controllers and regulators for air treatment apparatus and air treatment devices, namely controllers and regulators for controlling the flow of gases; compressed air reservoirs being parts of the aforesaid goods; manuals; paper, cardboard and goods made from these materials, namely paper boxes, boxes of cardboard or paper, brand labels of paper, adhesive brand labels made of paper; printed matter, namely, books, magazines, written articles, technical bulletins, data sheets and brochures in the field of compressed air machines, vacuum pump machines, air suction machines, compressors and blowing machines; photographs; computer programs in printed form for use in the operation of compressed air machines, vacuum pump machines, air suctions machines, compressors and blowing machines to enable the compression, generation and purification of air and water

SERVICES

Leasing of installations and equipment for the generation, conducting, storing, release and treatment of compressed air; building construction services relating to apparatus and installations for compressed air generation, compressed air distribution and compressed air treatment; installation and repair of machines for the generation and distribution of compressed air, and for compressed air treatment, compressed air installations, compressors and compressor installations; installation of compressed air generators in third party facilities to enable compressed air generation, distribution and treatment; installation and repair of third party compressors and facilities used to generate compressed air; plumbing; installation, maintenance and repair of machines for and in compressed air generation, compressed air distribution and compressed air treatment; cleaning of compressors and compressed air installations; installation and repair of pipes, namely of pressure pipes; rental of compressors; contracting, namely provision of compressed air for third parties in terms of a distribution/delivery; generation of energy and of compressed air; consultancy services for third parties in the field of generation of energy or of compressed air; air freshening services on behalf of third parties in the field of compressed air, compressors and compressed air applications; rental and leasing of installations serving the generation or supply of energy or of compressed air; contracting, namely the generation of compressed air for third parties; training and further training of engineers, in the field of compressed air, compressors and compressed air applications; education of third parties in the field of compressed air, compressors, blowers, vacuum pumps and compressed air applications; providing of training to third parties in the use, operation and maintenance of compressed air machines, vacuum pump machines, air suction machines, compressors and blowing machines; film production; arranging and conducting of conferences and seminars in the field of compressed air machines, air suction machines, vacuum pump machines, compressors and blowing machines; technological services regarding the management of installations serving the generation, conduction, storing, release and/or treatment of compressed air; technical consultancy services for third parties in the fields of procurement, generation or utilization of compressed air; scientific and industrial research in the field of compressed air machines, vacuum pump machines, air suction machines, compressors and blowing machines; computer programming; engineering services in the field of compressed air machines, vacuum air pumps, air suction machines, compressors and blowing machines; construction drafting; technical project studies, namely technological planning and consulting in the field of air compression, compressed air machines, vacuum pump machines, air suction machines, compressors and blowing machines; quality control on behalf of third parties exclusively in the fields of compressed air generation, compressed air distribution and compressed air treatment; providing of expert opinions in the field of air compression, compressed air machines, vacuum pump machines, air suction machines, compressors and blowing machines; material testing; all of the aforesaid services exclusively in the fields of compressed air generation, compressed air distribution and compressed air treatment; technical consultancy services in the fields of compressed air generation, compressed air treatment and compressed air distribution; research in the fields of compressed air generation, compressed air treatment and compressed air distribution

empty tool chests of metal; metal hardware springs; catalytic converters; starters for motors and engines; exhaust manifold for engines; exhausts for automotive motors and engines; parts of engines, namely, ring joints, gaskets; speed governors for engines and motors; parts of machines and engines, namely, filters, especially oil filters, filters for cleaning cooling air, gasoline filters; crankcases for motors and engines; glow plugs for motors and engines; hand-held tools, other than hand-operated, namely, tire pressure testers for vehicles; hydraulic engines and motors for motor vehicles; hydraulic controls for machines, motors and engines, namely, hydraulic cylinders, hydraulic pumps, pressure relief valves; universal joints and cardan joints for motor vehicles; glue guns, electric; parts of machines or engines, namely, pistons; pistons for engines; piston segments; superchargers, namely, air compressors; parts of machines, namely, shock absorbing springs for vehicles; fuel economisers for motors and engines; ball-bearings for engines; ball rings for bearings; cooling radiators for motors and engines; cooling radiator caps for motors and engines; parts for air conditioning systems in vehicles, namely, air condensers; parts of machines, namely, induction voltage regulators; fans for motors and engines; parts of machines, namely, safety valves, pressure relief valves, magnetic valves; carburetters; jacks [machines]; sparking plugs for internal combustion engines; igniting magnetos for engines, igniting devices for internal combustion engines and their parts; cylinders for motors and engines; pistons for cylinders, cylinder heads for engines; ignition cables; electric generators, AC generators, DC generators, high-voltage generators; water pumps for motor vehicles; fuel pumps; refrigeration condensers; cardan shaft; all before–mentioned goods and their parts; scientific, electrical and electronical, optical, weighing, measuring, signalling, checking (supervision), life-saving, control and teaching apparatus and instruments for use in connection with vehicles, especially land vehicles, namely, head lights for vehicles, anti-freeze testers, battery testers, battery acid testers, hydrometers, multimeters, leak testers for checking leak tightness of vehicle air conditioning systems, loud speakers for emergency vehicles, computer hardware for vehicle diagnostics, adapter cables for electric vehicles, electric battery chargers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, circuits, generators, wires, microcircuits, circuit boards; regulators, thermostats, electric fuses; electric cables, especially electric cables for vehicles; adapter plugs, electrical plugs, pressure indicator plugs for valves; electricity connector shells, electrical sockets, moveable sockets; electric cable sets; electric heat accumulators, especially for vehicles; vehicle alarms; ammeters; starter cables for motors; electricity junction boxes; electric connections especially for electric lines; car aerials, radio and television aerials; electricity fault indicators; distance recording apparatus, namely, hubodometers; automatic steering apparatus for vehicles, namely, automatic steer system for motor vehicles; electric batteries for vehicles, electric storage batteries; battery jumper cable and battery supply terminal, starter cables; chargers for electric batteries for vehicles, chargers for electric storage batteries; hand tools for repairing batteries; electricity load limiter; gasoline gauges; luminous signals, namely, magnetic mount flashing safety lights for vehicles, clip-on flashing safety lights; self-regulating fuel pumps; electric theft prevention installations and apparatus, namely, electrical anti-theft installations for vehicles, anti-theft warning apparatus for motor cars; revolution counters; automatic indicators of low pressure in vehicle tires; distance measuring apparatus, namely, odometers; milage recorders for vehicles; speed indicators, namely, tachometers; speed checking apparatus for vehicles, namely, speedometers; glow plugs testing apparatus; terminal blocks for electricity; electric contacts; gasoline gauges; electric conductors for electric motors, electric conductors for transformers, electric conductors for fuel cells, electric conductors for integrated circuits; electric shocking devices for vehicles; materials for electricity mains, namely, electric wires and cables; electric measuring devices, namely, ammeters, manometers, dynamometers; electric testing apparatus, namely, automotive fuse testers, electrical polarity testers, potentiometers; electric relays; power switches for vehicles, pressure switches for vehicles, rocker switches for vehicles; electric switchgear for vehicles; voltage regulators for vehicles; electric fuses; electric motion sensors, electric pressure sensors, electric temperature sensors; tachometers; temperature indicators, namely, temperature gauges, temperature sensors; thermostats for vehicles; pressure indicator plugs for valves; junction sleeves for electric cables; electricity connectors, namely, connections for electric lines, connectors for electronic circuits, electrical connection boxes, electrical connectors for power converters, electrical power connectors; vehicle breakdown warning triangles; warning boards; batteries for automotive lights; ignition cable; cigarette lighters; all before-mentioned goods and their parts; apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; lighters; lights for vehicles; anti-glare lamp fittings for vehicles; fuel economisers; defrosters for vehicles; vehicle headlights; electric light bulbs; electric heating apparatus, namely, heaters for vehicles, heating apparatus for defrosting windows of vehicles; heaters for vehicles and their parts; air conditioning installations especially for vehicles; cooling installations for liquids, namely, cooling radiators for motors and engines; light bulbs for directional signals for vehicles; electric vehicle dynamo lamps, electric lamps for directional signals of automobiles; lights especially for vehicles; filters for air conditioning; air-conditioning ventilation installations for vehicles; headlights, lights and reflectors for vehicles; all before-mentioned goods and their parts; vehicles and their parts, namely, automobiles, boats, sports utility vehicles, trucks, motorcycles, bicycles; axle packings for land vehicles; axle journals; safety devices for automobiles, namely, air bags; vehicles, namely, travel trailers; trailer hitches for vehicles; transmission chains for vehicles; transmission shafts for vehicles; balance weights for vehicle wheels; brake installations for land vehicles, especially brake segments, brake linings, brake shoes, servo brake, caliper, brake disks, brake hoses, brake cylinder, brake shoes, brake drums for vehicles; anti-theft devices and anti-theft alarms for vehicles; torque converters for land vehicles; engines for land vehicles, namely, automobiles, motorcycles, trucks, vans; direction signals for vehicles; spoiler for vehicles; gear boxes for vehicles; horns and fanfare horns for vehicles; hydraulic circuits for vehicles; driving chains for land vehicles, anti-skid chains for vehicles; head-rests for vehicle seats; mudguards; couplings and their parts for land vehicles; steering gear arms for vehicles; engines and their parts for vehicles, namely, automobiles, boats, sports utility vehicles, trucks, motorcycles; gearing for land vehicles; wheel bearing for vehicles; hub caps; reversing alarms for vehicles; mirrors for vehicles, especially rearview mirrors; gear shift handle for vehicles; clutches for land vehicles; windshield wipers; seat covers for vehicles; safety belts for vehicle seats; steering tie rod; suspension shock absorbers for land vehicles; shock absorbing springs for land vehicles; vehicle suspension springs; bumpers for automobiles; caps for vehicle gas tanks; wiper blades for windshield wipers; all before-mentioned goods and their parts; plastics in extruded form for use in manufacture; packing and insulating materials, namely, packing cardboard, polypropylene foil for packing, insulating fabrics, insulating tapes; flexible pipes, not of metal, namely, plastic pipes, canvas hose pipes; brake lining materials, partly processed; electric, thermal and acoustic insulators; clutch linings; cylinder jointings; all before-mentioned goods and their parts.

SERVICES

Wholesaling and retailing of hand tools and ironmongery, namely, nuts, screws, nails, bolts, electric and electronic goods, namely, car audio electronics, motor vehicles and motor vehicle accessories as well as motor vehicle parts; delivery by online and catalogue mail order of hand tools and ironmongery, namely, nuts, screws, nails, bolts, electric and electronic goods, namely, car audio electronics, motor vehicles and motor vehicle accessories as well as motor vehicle parts; procurement services for others in the field of purchasing vehicles and their parts; publication of publicity texts; compilation of goods for others for presentation and sales purposes in the automotive field; commercial information agencies providing tax information, commercial information agencies providing import-export information; business efficiency expert services; marketing research; public relations; organisation and presentation of trade fair and exhibitions in the field of automotive manufacturing, especially of inhouse exhibitions for commercial or advertising purposes; arranging and conducting of training and seminars in the field of automotive repair; education in the field of automotive repair, education in the field of automotive manufacture; training and promotion in the field of automotive repair; personnel development, namely training, promotion in the field of automotive manufacture.

Replacement and wearing parts and spare parts for motor vehicles including commercial vehicles, namely parts for motors and engines and machines, in particular diesel ignitions including ignition parts, ignition distributors, glow plugs; dynamos, including electric generators for motor vehicles; starter motors; starters for motors and engines; washer pumps, namely, windshield washing water pumps; machine tools for the automotive industry, including assembly tools; precision machine tools for the automotive industry, including releasing tools, combination releasing tools; idling pulleys for land vehicles, machine pulleys; grooved transmission belts for land vehicles; machine ejector power tools; gas powered soldering apparatus; electric hot melt guns and parts therefor; mechanical cable cutters; repair chests filled with machine tools for the automotive industry; exchangeable head dies for use with machine tools; heads/crowners (machine parts); mechanically operated foot pumps for balloon syphons; electric and electronic replacement and wearing parts and spare parts for motor vehicles including commercial vehicles, in particular ignition control modules for motor vehicles, including ignition coil units; ignition cable sets, ignition circuit sets, glow lamp testing apparatus, cigarette lighters and accessories therefor, namely, safety plugs, ash trays, and parts for cigarette lighters, including elements, spare plugs, cigar lighters, additional sockets; electronic keys; testing apparatus, namely, automotive fuse testers, electrical polarity testers, potentiometers; test lamps being parts of testing apparatus, voltage testers, soffits for test lamps, chests filled with assorted electric cable connector inserts; empty tool boxes; directional indicator parts for vehicles; electric and electronic regulators, namely electric power generator regulators; electric connecting elements, namely connecting sealing elements, namely bushing contacts, crimp connectors, terminals, clamp terminals, contact bushings, contact pins, cable connectors, soldered joints, crimp connectors, plug-in distributors, ignition circuit sleeves; cable connection sleeves, in particular adaptors for connector cables and connectors; electric connector strips, namely, base carriers, cable connectors and plug connectors; electric diodes and diode boxes namely diode holders, diode capsules, capacitor boxes and resistor diodes; electrical fuses and overload cut-outs, in particular block fuses, main fuses, high-voltage fuses, strip fuses; electric fuse boxes, in particular with 2 or 4 bridges, covers for fuse boxes, fuse units, fuse holders and connecting pieces; electricity plug housings and parts therefor, in particular connection parts, seals, sockets, flat plug-in fuses, with lock nuts, cable connectors, cable threading and plug-in inserts; cable coils for electric wiring, adapted wall holders for cable coils; electric cables for electric wiring; electric vehicle wiring; electric cable, namely stereo cables, tanker cables and ignition circuits; electric telemetry cables and patch plugs; electrical plugs, sockets and adaptors, in particular coupler sockets, connection part sets, with screw plates, with covers, inserts for cable connectors, electric sets, with surface sealing, flat conductors, device connectors, sleeves, contact compensators, contact bushings, contact pins, couplings, coupler sockets, short adaptors, for charging cables, for loudspeakers, grounding clamps, for mains apparatus for jump starters, for parking sockets, sockets, plug pins, blug and socket inserts, plug sleeves, universal plugs, extensions, closure caps, for supply lines, right-angle plugs, for timer switches, twin couplings and couplings, and triangular keys for plugs, sockets and adaptors; battery connector clamps including insulating nuts and screws; grounding strips, in particular starter cables, antistatic strips and earthing strips; automotive battery accessories, namely, automotive battery terminals, automotive battery chargers, automotive battery poles, electric automotive terminals and automotive starter cables; electric spiral air hoses including with thread adaptors and spiral air brake hoses; monitoring installations, namely, video monitors, LCD monitors, and voltage monitor modules and installations constructed from video monitors, LCD monitors, and voltage monitor modules, and parts therefor; alarm installations, namely, anti-theft alarms for vehicles, security and fire alarms, ultrasonic marten deterrent devices; electric switches, in particular centrifugal starting switches, toggle switches, key toggle switches, glow lamp switches, indicator switches, brake light switches, switches for pressure cylinders, spare parts for switches, driving switches, foot dip switches, fan switches, main power switches, pressure monitoring switches, coolant temperature sensors, steering column switches, oil pressure brake switches, oil pressure switches, coolant sensors, oil pressure sensors, signal button switches, key switches, temperature switches, hazard warning light switches, windscreen wiper switches, ignition start-up switches, ignition switches; electric relays, in particular trailer detection relays, for indicators, diodes, pulse generators, checking apparatus, fuel pumps, warning lights, control apparatus; electric voltage converters; warning triangles and warning placards and parts thereof, including with aluminium frames, stud fasteners, parking warning placards, warning triangles and warning flags, for warning marking; battery machine tools including accessories, in particular electric battery pole soldering tools, adapted battery carrier strips, battery cell testers; battery replacement valves; antifreeze testers, adapted plastic containers for battery tools and accessories, polyethylene measuring beakers, testing apparatus, namely, electronic devices for testing the pole sockets of towing vehicles, electronic devices for testing the 13 pole sockets of towing vehicles, electronic devices for testing the 15-pole sockets of towing vehicles, electronic devices for testing the three 3-pole sockets of towing vehicles, and including adaptor cables therefor, trailer testing apparatus, namely, cargo trailer air brake testers, cargo trailer electrical control system testers, battery discharge chargers, automotive battery chargers, battery pulse testing apparatus, testing apparatus for on-board power, digital battery testers, electronic protection testing apparatus, namely, multimeters, battery testers, voltmeters, apparatus for testing unlocking of motor vehicle power locks, spare areometers; apparatus for determining error detection readings in vehicle air conditioning systems, antifreeze testing apparatus, gas detection apparatus, namely, alarms for the detection of inflammable gases, hand vacuum testing apparatus, boxed set lambda probes, lambda probes, testers for maintaining charge in automotive batteries, testing apparatus for lambda probes, electric meters, namely, multimeters, electric starting apparatus, namely, starters for motors and engines, test adaptors for electric filaments for motor vehicles, test adaptors for air conditioning systems for motor vehicles, leak detection apparatus, namely, tire leak detectors, cases for tire leak detectors; test connectors, namely, multimeter holding wires, multimeter probes, electric measuring apparatus and instruments, in particular service reset power tools and overvoltage and undervoltage relays, overvoltage testers, volt-ampere testers, electric automotive battery charging stations; hinge testers and towing vehicle electric testing apparatus, namely, hinge testers and towing vehicle hinge testers; checking (supervision) apparatus, namely, automatic indicators of low pressure in vehicle tires; electric relays, relay headers, fuse switches, electric signaller lights for motor vehicles, electric signal amplifiers, electrical controls for electric signal amplifiers, time-delay relays; inspection lights for vehicles, protective caps; electric cable sets for taillights, number plate lights, light covers for taillights, rear fog lights, reflectors for vehicles, rear lights for vehicles, side lights for vehicles and door marker lights; electric indicator switches; electric automatic indicators of low pressure in vehicle tires; signal lights, namely monitor lights; replacement and wearing parts and spare parts for motor vehicles including commercial vehicles, in particular reflectors; triangular reflectors for vehicles; side reflectors for vehicles; hot air blowers; reflector nozzles; headlights and warning lights for motor vehicles, namely, working headlights, indicator lights, distance headlights, full beam headlights, tail lights, light covers, fog lights, rear fog lights, reversing lights, reversing headlights, scattering filters, lights, including as sets, left and right marker lights, foglight covers, flashing position lights, brake lights, vibration lights, holders for lights and light covers, rubber torches, LED side marking lights, position lights, long-distance lights, frames for long-distance lights, rear lights, protective covers for lights, outline marker lights, side marker lights; vibration dampers for lights and light covers, holders for lights and interior lights for vehicles; bulbs, namely gas discharge lamps, glass cap lamps and bulb cables, LED lamps for lighting purposes and xenon lighting tubes; hand-held lights, including torches and flashlights, starter lamps; outline marker lights for motor vehicles, edge lights for motor vehicles; double flashing lights for motor vehicles, access lights for motor vehicles, replacement glass for motor vehicles, replacement fuel caps for motor vehicles, replacement radiator caps for motor vehicles, interior lights for motor vehicles, light fittings for motor vehicles; bonnet and boot lights; reversing lights for vehicles; replacement glass for indicators and vehicle lights, 12-volt fittings for vehicle lights; replacement and wearing parts and spare parts for motor vehicles including commercial vehicles; horns for motor vehicles and parts thereof, reversing warning apparatus for motor vehicles and parts thereof, namely, electronic warning bells, warning lights; machine couplings, coupling sets comprised of coupling cylinders and nuts and bolts of metal, coupling cylinders, brake cylinders, brake discs, brake drums, friction pastilles of brakes, brake pads, brake linings, brake hoses, brake parts, wheel bearings, steering arms, steering column arms, tie rods, transverse links; replacement and wearing parts and spare parts for motor vehicles, including commercial vehicles, of plastic or rubber, in particular hose connectors and clips, namely securing clips, clamps, clamping clips (not of metal), hose clamps and other connecting pieces used as hose connectors and clips; rubber fittings and gaskets, in particular for battery clamps, crimped connections, pressure plates, individual conductor seals and rubber covers, rubber caps, cable feed-through fittings, caps or protective caps; insulating strips, not of metal, for air conditioners; draught excluder strips; insulating hoses and corrugated pipes of plastic for protecting electric cables, in particular braided cable sleeving, shrink hoses; parts of rubber for switches (semi-finished); threads of plastic for soldering; petrol hoses.

(machines); machine driven lifting devices and lifting apparatus, namely, cranes; machines for processing metal, wood and plastics, namely continuous metal casting machines, cutting machines for metalworking, drilling machines for metalworking, extruding machines for metals, extrusion machines for plastic, forging machines, horning machines for metalworking, machine tools for the metalworking industry, metal forming machines, metal working machines, milling machines for metalworking, perforating machines for metalworking, planing machines for metalworking, plastics molding machines, rolling machines for rolling metals, slotting machines for metalworking, wood chipping machines, wood cutting machines, wood drilling machines, wood grinding machines, wood milling machines, wood planing machines, wood sawing machines; machines for fastening, gaining, processing and cessation of mineral materials, earth, rock, overburden, used materials, ores, stone and masonry, namely tunnel boring machines, drills for the mining industry, electrical drills, hand-held drills, radial drills, rock drills, well drilling machines, wood drilling machines, wrecking balls, electric hammers, hydraulic hammers, pneumatic hammers, power hammers, tilt hammers; machine tools for the cutting and forming of metals and plastics; drilling machines for metalworking, drills for the mining industry, electrical drills, hand-held drills, radial drills, rock drills, well drilling machines, wood drilling machines, and their parts; machines for positioning, aligning and holding of work pieces, namely, work benches; machines for the production of mortar and concrete for building purposes, and prefabricated concrete parts, namely walls, stairs, ceilings, floors, façade panels; machines for loading bulk material and general cargo, namely conveyors cranes, cargo lifting derricks; electrical welding machines, namely arc-welding and laser welding machines and their welding electrodes and welding wires; electrodes for welding machines; excavators, namely, gas excavators, oil excavators, mineral excavators, stone excavators; conveying machines for individuals and loads with a linear motor drive, namely, belt conveyors for transporting people or bulk materials; machines for handling molten metals, namely continuous metal casting machines, machines for blowing oxygen through molten metals for steelmaking, furnaces used in secondary metallurgy to treat molten steel; flaming machines for industrial purposes, namely, for flaming cold or warm metal materials, metal work pieces or semi-finished metal blocks, bars, coils, slabs, strips, for the production of metal products; gas-operated blow torches; asphalt mixers, concrete mixers; mills (machines); industrial machine presses; pumps, namely, namely, bursting tests and pressure test pumps, dosing pumps, ground water pumps, injection pumps, positive displacement pumps, pressure generators for water-jet cutting plants and pressing plants, pumps for pressing ramprofiles, ram piles, ram tubes and sheet piles; electrical stirring machines; electric motors for machines, engine motors, power tool motors and parts thereof, namely, air filters, cylinders, electric conductors, gas filters, gaskets, mufflers, oil filters, piston rings (other than land vehicles); turbines for generation of electricity (not for use with land vehicles); gate drives of machines, drives for doors; machine tools for the metalworking industry, construction industry, food industry, plastics industry, oil and gas industry, ore and coal mining industries, cement industry, namely, metal-cutting machine tools, metal compressing machine tools, metal polishing machine tools, metal welding machine tools, metal lathing machine tools, metal cutting machine tools, metal ironing machine tools, wood lumbering machine tools, wood drilling machine tools, wood cutting machine tools, wood shaving machine tools, plastic welding machine tools, plastic pouring machine tools, plastic molding machine tools, plastic imprinting machine tools, plastic ironing machine tools, plastic compressing machine tools; machine tools for removing waste material; piston rods (parts of machines); bearings (parts of machines); centrifuges (machines); railroad constructing machines, namely, stone compressing machines for construction of railroads, stone spreading machines for construction of railroads, machines for dragging railway sleepers; drums (parts of machines for printing); electric starter apparatus for motors and engines; electric cold start systems for motors and engines, namely cold start valves, cold start valve gaskets; ship and aeroplane engines and parts therefor.

Class 09

(5) Physical, electronic and optical apparatus, namely electronic controllers for furnaces, diesel engines, namely, computer hardware, electronic agendas, electronic data integrator, electronic computing machine, computer workstation; laboratory furnaces, laboratory ovens, optical condensers, optical data media, optical lenses, optical lanterns, optical pickups, optical range finders, automatic optical detectors, computer hardware, electronic agendas, electronic data integrator, computer workstation, electronic conductors for motors and engines, transformers, fuel cells, electronic connectors for circuit boards, electronic circuits, current transformers, ducting for electric cables, and electricity conduits for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, optical lenses, optical reflectors, optical sensors, optical condensers, optical frames, optical glass, optical spectacles, optical scanners, optical disc drives, optical disk readers, optical fiber cables, computer hardware, electronic agendas, computer workstations; nautical, surveying, signalling and monitoring apparatus for nautical purposes, namely, compasses, signal lamp, signaling whistles, level measuring machines for surveying, lasers for surveying, magnetic compasses for surveying, surveying instruments, wind-direction indicators, anemometers; simulators for the steering and control of vehicles for civil and military applications; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling of electricity, namely, cables, control panels, wires, circuits, conductors for transformers, converters, fuses, conduits; equipment for recording, transmitting, processing, reproducing and displaying images, sound and data, namely radios, televisions, compact disk players, tape recorders, telephones; data carriers, namely computers; computer software for use in construction and automated manufacturing, metalworking, in the field of transport and delivery, in the fields of automobile parts, energy, building construction, waste management, in the field of welding, in the field of mechanics, oil field exploration, in the field of chemistry, industrial robots, mechanical engineering, ore and coal mining industries, cement industry; electric cables; fire-extinguishers; electrical monitoring and control systems for elevators, escalators, passenger conveyors, moving sidewalks, inclined platforms, vertical platforms, stairway lifts, boarding bridges, electrical monitoring and control systems for industrial machines, industrial production plants, steel mills, cement plants ; industrial magnets; measuring apparatus and instruments, namely leak testers, measuring apparatus for detecting the polarization of magnets, diagnostic apparatus for evaluating and determining errors during operation of elevators, escalators, passenger conveyors, moving sidewalks, inclined platforms, vertical platforms, stairway lifts, boarding bridges; electric control panels, electrical control systems for lighting systems, electrical industrial controls for industrial machines, for industrial plants, for industrial production sites, for steel mills, for cement plants, for conveyor systems in underground mines, for lifts, for elevators, for escalators, for passenger boarding bridges and for system automation and robotics, electrical industrial controls for monitoring waste water treatment, electromechanical controls for airplanes, electromechanical controls for water heaters, electronic control systems for automobile brakes, electronic industrial controls for digital timers, electronic industrial controls for motion failure detectors, fire alarm control panels; photovoltaic elements, namely solar collectors for generating electricity; life-saving apparatus, namely, lifts hoists for removal of individuals from hazardous situations; sonars.

Class 11

(6) Steam generating installations, namely, accumulators and generators; water distillation units; heating and cooling installations, apparatus and machines, namely, air conditioners, air conditioning units, air filters, air purifiers, battery warmers, car interior warmers, coolers, engine heaters, engine warming units, fuel warmers, heat exchangers, heaters for engine oil, radiator hose heaters, vehicle oil pan heaters, vehicle tank heaters, unit ventilators used for heating and air conditioning, heat recovery, and to enhance air quality, all for commercial, domestic and industrial

use; drying installations and machines, namely industrial dryers for dehumidifying; machines for the thermal treatment of waste materials, namely, furnaces for refuse and sludge incineration; machines for producing coke, including fittings; furnaces for industrial purposes, including fittings; solar collectors (heating), including fittings.

Class 12

(7) Vehicles for land, air and water transportation, namely automobiles, fork stackers, locomotives, ships, mobile cranes, trucks, wagons; parts for vehicles for land, air and water transportation, namely engines, gears, clutches, body components in the form of prefabricated metal blanks, chassis and running gear, bogies, components for wheel suspension and steering, axles, wheels and wheelsets, brake systems, chains, exhaust systems; automobile bodies made from metal for vehicles and apparatus for locomotion by land, water or air; engines for land vehicles; parts for vehicles motors and engines, namely camshafts, crankshafts, cylinder head covers, cylinder head covers with integrated camshafts, hollow rotor shafts for electric engines; gear boxes and parts thereof, namely, mechanical transmission devices for gears, gear coupler housings, mechanical rotary devices for gears, for industrial machinery.

Class 17

(8) Plastic products, namely non-metal tubing, tubing couplings for joining and terminating pipes, plastic semi-finished products, namely, plastic preformed parts, namely, plastic preformed parts, namely, bars, beams, billets, blocks, castings, chains, circles, extruded parts, fittings and flanges, foils, joists, light cup glass, panels, pellets, plates, profiles, rails, rings, rods, ropes, sandwich panels, sections, sheets, shields, slabs, springs, strands, strips, tubes, tubulars, wainscots, all aforementioned goods for use in manufacturing, building and gardening; semi-finished products of plastic, in particular plastic mouldings for vehicle construction and house building; sealing, packing and insulating materials, namely gaskets and sealing for use in doors, windows, cooling and air conditioning rooms, sealing compounds for masonry and wood, joint packing for pipes, graphite packing for pumps, gaskets and valves, plastic packing for shipping containers, rubber packing for shipping container, waterproof packing for shipping container, insulating fabrics, insulating oils, insulating paints, insulating paper, insulating plaster, insulating refractory materials, insulating sleeves for power lines, insulating tape and band, insulating varnish, insulating washers; plastic film for weather-resistant coating of building facades, plastic film for corrosion-resistant coating of metal sheets and metal products; adhesive packing tape for industrial or commercial use; plastic welding filler rods for expansion joints.

Class 19

(9) Asphalt, coal tar, pitch and bitumen; non-metal windows, window sills and window frames for construction purposes; building materials not of metal, namely, wall, hardwood, decking, wood, particle boards and other non-metal building material, namely, angles, blocks, bolts, ceiling- and roof-construction-elements, namely, in the nature of supports, beams, panels and shores, cramp, doors, fasteners for fastening rails, fittings, frameworks, gates, hooks, light cup glass, nails, panels, pins, plates, plumbing nails, profiles, rail clips, rods, screw nails, screws, shaped pins, shields, spring washers, trussed structures, tubes, wainscots, wall-, ceiling- and roof-panels, walls for building, windows, wire; non-metal scaffoldings and moulds for construction purposes, and parts thereof, for construction purposes; non-metal gate and door frames for construction purposes; non-metal profiles for window, doors, shutters and facades for construction purposes; non-metal roof panels, wall panels, and façade wall panels for construction purposes; non-metal door filling material for construction purposes; door handles, not from metal; non-metal light wells for construction purposes; non-metal drainage boxes for construction purposes; fire-resistant building materials, namely non-metal semi-refractory bricks, refractory castable mixes, refractory

concrete, refractory mortars, refractory blocks, refractory bricks, refractory furnace linings; non-metal railway sleepers; plastic and wooden gates and doors for construction purposes; transportable buildings not of metal, namely, prefabricated buildings and structures which can be dismantled for transportation, namely, offices and workshops, houses, sheds, garages; stairs, not from metal; precast balcony balustrades, not from metal; plastic, composite and wood fencing for construction purposes; liquid storage tanks of masonry for industrial purposes; plastic pipes for use in piping or pipeline systems, production plants, steel mills and steel plants, namely plastic pipelines for liquids, solids, solid fuels or gases, gas-operated blow pipes, gas-operated cutting blow pipes and gas-operated metal milling servo; plastic profile strips for construction purposes.

SERVICES

Class 35

(1) Personnel management consultancy; temporary employment agencies; business management and organisation consultancy; professional business analysis of business processes; business management; business administration; business investigation services in the field of geological industry and materials industry; accounting; office functions, namely, computer or smartphone based electronic word processing, typing, spreadsheet processing, presentation processing, database processing, electronic mail processing; internet access provider services; statistical services, namely compilation of statistics; negotiation and conclusion of commercial transactions for third parties; auctioneering; marketing services in the field of arranging for the distribution of the products of others; advertising the goods and services of others; marketing studies and analyses; opinion polling; organisation of machinery and equipment trade fairs and trade show exhibitions for commercial and industrial purposes; office machines and equipment rental; compilation of information into computer databases; media consultancy, namely organisational consultancy in the field of press and public relations.

Class 36

(2) Provision of information in the field of financial affairs, namely financial asset management, financial investment brokerage, financial investment counselling, financial management, financial planning, financial services, namely, debt settlement, financial valuations, financial trust operations, financial trust planning, financial valuation of personal property and real estate, financial valuations; financial sponsorship, namely sponsoring of company-facilitated and public sports activities, art and music events, art and technology exhibitions, kindergarten and playschools; real estate agency services; real estate appraisal; rental of real estate; real estate brokerage; real estate investment; real estate consultation; real estate management services; vehicle fleet leasing and vehicle fleet lease management, lease-purchase financing, real estate leasing; insurance.

Class 37

(3) Building construction; rental of scaffolding, formwork, work platforms and construction apparatus; interior and exterior painting and lacquering; rental of construction equipment; rental of industrial machines, namely construction apparatus and equipment for earthworks, in particular sheet piling, construction machines for anchoring, drilling, pressing, vibrating, pile driving and drawing techniques, flood protection systems; facility management in the field of technical facilities, namely repair, maintenance and servicing of real estate, namely, permanently connected supply installations thereof, namely, treatment systems for contaminated process water, exhaust air systems, power supply systems and power supply control systems, cleaning of buildings, and assembly, maintenance and repair of elevator lifts, escalators, moving walkways, platform lifts, lifting platforms for people, passenger bridges, moving staircases, stair lifts, equipment and

machines for use in mining, open -cast mining, quarrying, ore or coal mining, demolition and road building, buildings, industrial machines and manufacturing installations, telecommunications apparatus, namely telecommunications apparatus being used for remote plant monitoring and remote condition monitoring and maintenance of elevators, escalators and moving walks, modules or systems for the power train and undercarriage parts of vehicles and apparatus for locomotion by land, air or water, vehicles and apparatus for locomotion by land, air or water and parts thereof, transportable buildings, room modules, refrigerating chambers and parts thereof, fence and gate installations, rail systems; cleaning of buildings; assembly, maintenance and repair of lifts, escalators, moving walkways, platform lifts, lifting platforms for people, passenger bridges, moving staircases, stair lifts; assembly, maintenance and repair of equipment and machines for use in mining, open-cast mining, quarrying, ore or coal mining, demolition and road building; assembly, maintenance and repair of buildings or structures; assembly, maintenance and repair of modules or systems for the power train and undercarriage region of vehicles and apparatus for locomotion by land, air or water; assembly, maintenance and repair of vehicles and apparatus for locomotion by land, air or water and parts therefor; assembly, maintenance and repair of transportable buildings, room modules, refrigerating chambers and parts therefor; assembly, maintenance and repair of fence and gate installations; assembly, maintenance and repair of rail installations; installation services of building scaffolds, working and building platforms; repair and maintenance of building scaffolds, working and building platforms; rental of building scaffolds, working and building platforms.

Class 38

(4) Radio and television broadcasting; rental of radio and television air time, providing user access to global computer networks, providing chat lines utilising the internet, providing on-line chat rooms for social networking, email services; telecommunications engineering; news agency services; rental of modems, telephones, facsimile apparatus; compilation of information into computer databases; leasing access time to databases via global computer networks.

Class 39

(5) Transportation services for the removal of waste and hazardous waste, namely contaminated soil; transport of particulate solids to storage containers adapted for the delivery of particulate solids, in particular for the feeding of pulverized coal from a storage hopper to a gasifier or furnace, namely barge transport, cargo ship transport, cable-car transport, ferry-boat transport, freight train transport, helicopter transport, monorail transport, tanker transport, truck transport, turbojet airplane transport, freight transportation by air, air transportation of goods, freight transportation by boat, freight transportation by rail, freight transportation by truck, and railway transportation of goods; packaging articles for transportation and storage of goods, and supply chain logistics, namely, storage and transport of goods for others, namely, barge transport, cargo ship transport, cable-car transport, ferry-boat transport, freight train transport, helicopter transport, monorail transport, tanker transport, truck transport, turbojet airplane transport, freight transportation by air, air transportation of goods, freight transportation by boat, freight transportation by rail, freight transportation by truck, and railway transportation of goods; logistics in the field of transport and storage, namely, arranging the storage, transportation and delivery of the goods of others by rail, boat, automobile, truck and airplanes; water, steam, electricity and gas distribution, namely transport of electricity and gas by rail, boat, automobile, truck and airplanes; junk and waste removal services, namely, evacuation of waste and hazardous waste, as well as of contaminated ground, namely, transport of waste, hazardous waste, and contaminated landfill by rail, boat, automobile, and truck.

Class 40

(6) Treatment of materials for the manufacture of ceramic goods, metal goods, plastic goods and composite material goods; custom manufacture of bodies for vehicles, chassis parts, components for vehicle undercarriages and components for vehicle drives, in particular internal combustion engines, for others; custom manufacture of hand-operated tools, mechanics' tools; waste, waste water and pollutant treatment, recycling of waste, waste water, scrap and trash; print shops, namely offset printing for others; installation, changing, replacement and repair of locks; carpentry (woodworking).

Class 06

(1) Metal water tanks namely, industrial water tanks of metal; metal spray and fuel nozzles for commercial and industrial use and couplings for use with plastic and rubber hoses; kits of metal mating flange members; kits of metal mechanical couplings; air compressor tanks, namely, containers of metal for compressed air; air compressor accessories, namely, metal couplings used to attach an air tool to the compressed air system; HVAC blower supports, namely, metal brackets used with HVAC blowers to allow for multiple positioning of the blower; curb caps, namely, metal caps mounted to roof ventilators used as covers; cylinder rod clevis with pins, namely, a metal component used to attach an air cylinder to a work surface; discharge caps, namely, metal caps used with industrial roof fans used for capturing and discharging moisture; drum and barrel pump accessories, namely, metal suction tube used for the discharge of liquids from a drum or barrel; drum cradles, namely, metal brackets used to hold or store metal storage drums for ease of mobility or use; elbow pipe fittings of metal; electric fan bases, namely, metal stands for fans;

electric fan trays, namely, metal housings for fans; fan mounting hardware, namely, metal brackets used in mounting fans to ceilings or walls; foot switch guards, namely, a metal box enclosing a machine foot switch so as to protect the machine operator's foot from injury; gas heater vents of metal; gear motor accessories, namely, metal brackets used for mounting gear motors in multiple positions; heater brackets, namely, metal brackets used to mount various types of heaters in different types of heating situations; hoist chain containers, namely, metal boxes attached to overhead hoists used to store excess hoist chain so as not to hang down and pose a safety hazard; linear actuator accessories, namely, metal shafts, tubes, screws, brackets and clamps to allow multiple mounting positions of AC and DC motors for machines; metal beam clamps; metal cylinder brackets for air compressors; metal drive mandrels for AC and DC motors for industrial and commercial use; metal flanges; metal roof curbs; metal roof vents for use in heating, ventilation and air conditioning systems for residential and commercial use; metal shaft collars; metal support braces for construction; milling tables, namely, cast iron table and base to support milling machines and accessories therefor, namely, metal clamps, metal studs and metal nuts; motor conversion kits comprised of metal discs that attach to AC and DC motors to allow for multiple mounting types; motor rails, namely, cast iron brackets used for floor mounting of AC and DC motors for machines; motor ring adapters, namely, metal rings used to mount AC and DC motors for machines; non-automatic metal fuel nozzles; quick couplers, namely, hose couplings made of metal used to connect pressure washer hoses to each other or to accessories such as sprayers and guns; stationary and movable metal shutters for fans; steel drums sold empty; tube heater accessories, namely, metal air inlet caps for mounting outside at the end of side wall vents; ventilator bird screens, namely, metal screens used to cover ventilation pipes to prevent birds from making nests in the pipes; ventilator hinge kits, namely, metal hinges, cable, nuts and bolts attached to ventilators allowing ventilators to be tilted for easy cleaning and inspection; venturi fan frames, namely, metal frames used for mounting direct drive fans in walls; wall collars for fans, namely, metal collars used to install vertically mounted supply and exhaust fans; hydronic heater guards, namely, metal guards to cover hydronic heaters; light traps for roof ventilation fans, namely, metal traps mounted on roof ventilation fans in order to prevent light from entering building structures through the roof ventilation fan; steel tubes for use with pumps in the nature of pump suction tubes; metal chains; manual and lever operated chain hoists used for lifting and rigging.

Class 07

(2) Air compressors and parts therefor; motor driven, engine driven and hand-operated fluid pumps for use with steel drums and replacement parts therefor; fluid solutions injectors for use with fluid pumps; pump repair kits comprising mechanical seals and bearing assemblies and parts therefor; electric motors for machines; fans for machine motors and engines; pumps for motors for machines; parts for electric motors for machines namely, motor arbors, motor bases, motor brackets, motor brakes, motor brushes, motor clutches, motor conduit boxes, motor conversion kits, motor mounting rings, motor mountings, motor rails, motor rainshields, motor ring adapters, motor rings, motor shaft adapters, motor speed controllers, motor springs, motor switch boxes, motor switches, fan blades, fan dampers, fan guards, fan motors, fan mounting bolts, fan shutters, and pump shaft seals; AC and DC generators; adjustable speed drives for industrial machinery; air-driven, battery operated, engine driven, and motor driven air and fluid pumps for industrial and commercial use; arbor press stands; arbor presses; band saw stands; band saws; belt sanders; blade welders namely electric welding machines; blower nozzles for hand held power operated blowers; electric chain hoists used for lifting and rigging; commercial and industrial floor sweepers in the nature of push sweepers; DC gear motors; bits for power drills namely drill stop collars; drum mixers in the nature of mixing machines; dust collector hose for vacuum cleaners; dust collectors, namely, dust separators for industrial and commercial use; electric AC gear motors; electric

generators; electric starters for motors and engines; electric switches that are sold as integral component part of electric pumps; filters for use with vacuums; floor cranes; garbage disposals; linear actuator boots; linear actuators; machine parts, namely, bearings and bushings; machine parts, namely, air cylinder end mounts and air cylinders; machine parts, namely, belt tensioners, not for land vehicles; magnetic starters for motors and engines; milling machines; motor sheaves, namely, a metal wheel or disk with a grooved rim to accommodate drive belts for machines; motor /reducer combinations, namely, a combination of a speed reducer machine and an AC or DC motor for use in industrial and commercial applications; paint tank gaskets sold as an integral component of painting spray guns; paint tanks sold as an integral component of painting spray guns; power drill presses; power operated buffing wheels; power operated buffers; pump motor adapters, namely, metal or non-metal adapters used to connect a pump to an AC or DC motor; pump motor bases, namely, metal or non-metal bases where a pump is attached in order to keep the pump in place; pump pedestals, namely, mechanical machines that attach to fluid pumps in order to convert pumps to belt driven or direct drive pump; pump spray nozzles for use in power wash systems; pump trap baskets, namely, metal and non-metal baskets used to filter liquids prior to entering a pump; pump valves; rip fences, namely, saw fences for use on table saws; roller pump PTO couplings, namely, metal components used to connect pumps to tractor drive shafts; shaft couplings for machines; metal working machines namely, shear and roll machines; sheet metal notchers, namely, metalworking machines used to put notches in sheet metal; spray nozzles for power sprayers, namely, machine parts being parts of power-operated sprayers; vacuum attachments accessories, namely, foam sleeves, hose, nozzles, rug shoes, squeegee shoes, and wands which attach to vacuum hoses; wands, namely, metal or non-metal tubes which attach to machine hoses in order to increase the reach of the hoses; winches; wire rope manipulators, namely, a hoist lifting device for raising heavy or cumbersome objects utilizing wire rope; drive belts for machinery; fume exhausters, namely,power-operated blowers; heat distributing fans in the nature of fans for machine engines; fan blades for fans for machine blades; exhaust fan mounting roof curbs; fume exhausters namely, power-operated blowers; hose and hose fittings for power-operated machinery; gas-operated cutting torches; electric and gas welding machines; automatic gas valves; electric motors for machines; magnetic starters for motors and engines; electric generators; electric cord sets comprising cords, extension cords, and multi-conductor cords; electric lighting fixtures; electronic speed controls for power tools; grinding wheels; abrasive sheets, discs and belts for power operated grinders; power transmission and take-off apparatus for machines other than land vehicles, namely, speed reducers, flexible transmission shafts, and clutches; motor mounts, namely, bases and brackets for attaching an electric motor to a surface; power tool stands; pillow blocks; bearing blocks and shaft collars; industrial and commercial vacuum cleaners and attachments therefor; multi-purpose steam cleaners; saw blades; motorized and hand operated hoists; hydraulic cranes and jacks; polishing discs for power-operated polishers; transmission chains, other than for land vehicles; power-operated tools, namely, grinders; electric sanders; abrasive discs for power-operated sanders; gas-operated power generator; oil pumps; fuel filters for use gasoline and diesel motors; floor polishers.

Class 09

(3) General purpose batteries; electric relay modules; electric relays; electric switches; electronic speed controllers for fans; fan switches, namely, electrical switches used in turning fans on and off; heat pump elements, namely, electrical resistance heating wires; motor conduit boxes, namely, electrical junction and fuse boxes; pool junction boxes; pump control boxes, namely, electrical conduit boxes and circuit breakers used to provide electric power to one or more submersible pumps; pump controls, namely, electrical components being electrical conduit boxes and circuit breakers used to start or stop pumps; relay sockets; remote control electric switches; solenoid

coils; solenoid valves; automated valves, namely, unloading check valves for outlets and inlets for air compressors and pumps; pump accessories, namely, pump float switch component part consisting of pump float ball; electronic controls for fluid pumps; pressure control switches; temperature control switches; time switches; humidistats; float control switches; thermostats; electronic timers; electronic temperature control switches for use with fans; emergency warning lights.

Class 11

(4) Electric fans; air curtains, namely, cold and hot air blowers for room openings; air filters for use with heating, ventilation and air conditioning equipment; air handlers for use with cooling and heating pumps; blower shafts namely, rolled steel shafts for power-operated belt drive blowers; carpet dryers, namely, electro-mechanical units that provide airflow across a floor to speed the drying time of wet carpet or standing water; ceiling fans; circulator stands, namely, metal stands used on floor-based air circulators; non-electronic, metal or plastic dampers used in air ducts for controlling air flow; portable electric heating fans; electric hot air hand dryers; electric swimming pool lights; evaporator coil for air conditioning units; filter racks, namely, structural parts of heating, ventilation and air conditioning equipment in the nature of devices that hold air filters; portable forced air heaters; portable gas fired tube heaters; heat pumps; heat slingers, namely, metal devices that mount to the shaft of blowers and are used to reduce the temperature of hot air moving through the blower; hex hubs being replacement structural parts for air conditioning condensing units, namely, hexagonal shaped metal mounting devices used for fans to accommodate varying blade shaft sizes; air cleaners for household use; portable infrared heaters; inline strainers for water lines; oil-fired portable heaters; packaged air conditioning units; plumbing fixtures, namely, grease traps; roof top ventilators for buildings; tune-up service kits, namely, service kits for portable gas heaters comprising air filters, spark plugs, rotors, and photocells; ventilating fans for industrial and commercial use; weather hoods for ventilation fans; pump water filters for industrial and commercial use; pump suction strainers; valves for hand held water sprayers; refrigerators; freezers; refrigerated beverage dispensing units; electric beverage heaters; beverage-cooling apparatus namely portable beverage coolers; electric beverage warmers; beverage cooling and ice dispensing machines; electric lighting fixtures namely modular tower lights; lighting fixtures; electric hair dryers; hand-held hair dryers; fan shutters, dampers and louvers for use in HVAC systems; fan guards for ventilating fans; humidifiers and dehumidifiers; ventilators and ventilating systems for use in HVAC systems; portable electric fans.

philosophy: the natural aging process causes the soft tissues of our faces and bodies to begin to descend. Our eyebrows frown, our lids droop, our eyes appear hollow, our noses and ears are larger, and our jawbone is less defined. As for our breasts, our bellies, and our buttocks, it's no different. We can fight the process or we can yield to losing our bodies, gaining our souls, and finding our grace.
